Partnership Expansion

👉 Sales model 2

A regional or global partner starts working with another entity. AI or RO remain as the account managers and contract owners.

Either the entity shows its interest to collaborate with the partner or AI/RO contacts the entity to propose the expansion.

Depending on the proposal, the entity could participate in its co-creation.

An Memorandum of Understanding (MoU) is signed between AI and the entity to define each party's responsibilities during each stage of the contract and the revenue sharing.

An entity partner is interested in a GAP with a global or regional scope but has no interest to become a global or regional partner.

An entity partner is interested in a GAP with a global or regional scope but has no interest to become a global or regional partner.

The member entity becomes the account manager and contract owner.

If AI/RO agree with the request, both parties will co-create the proposal.

The member entity will send the proposal, negotiate and inform AI/RO of the outcome. AI/RO can be involved in negotiation depending upon agreement.

If the negotiation is positive, the member entity will sign an agreement with the partner after the delivery party has agreed on the agreements' content and conditions.

AI and the member entity will sign an MoU.

Our Partners

This publication was produced with the financial support of the European Union. Its contents are the sole responsibility of WWF and other EcoCharge project partners and do not necessarily reflect the views of the European Union.

Remember: the feasibility of expanding a regional/global partnership to your entity depends on the state of the account and the interests of the company.

We recommend you to contact the account manager first to get insights.

Recommendations

- 1 We recommend you to map out which regional and global partners are present in your country.
- 2 If you are interested in an specific partner, send an email to the global coordinator and CC the account manager (find process in ER principles).
- 3 Never contact a global or regional partner directly. If you are approached by the company, make sure you inform the GC and account manager.

Revenue Distribution

👉 For GEP and GAP

10.3.3.1. Opening fee: This fee shall refer to the Key Account Management services delivered by AIESEC International. These include but are not limited to constant communication with the partnership manager, account delivery, project management, invoicing, reporting, and auditing of the partnership. It also refers to the management services of the Global Talent opportunities which include, but are not limited to, access to the global AIESEC exchange platform (www.partners.aiesec.org or www.aiesec.org), a promotion space within the AIESEC exchange platform, and extra promotion activities defined by AIESEC International such as newsletters and social media posts.

10.3.3.2. Selection fee: Shall refer to the process of identifying the candidates that meet the criteria laid out in the job description defined by the opportunity taker. The process follows a methodology to collect information about an applicant of a specific opportunity posted in the AIESEC Exchange platform, followed by an interview or an assessment to determine if the individual should be selected for the opportunity. The selection process should not violate any law.

10.3.3.4. Exchange Fee: Shall refer to the services provided by a Member and/or Local Entity to deliver the GEP Exchange Standards and ensure the satisfaction of an exchange experience. It also includes the services provided by a Member and/or Local Entity to manage a GEP Global Partner when required by AIESEC International.

Upscaling Partners

👉 National partner becoming Regional/Global partner

💰 A national partner is interested in becoming a regional/global partner.

💰 You need to contact AI BD manager for new sales (for global level). They will evaluate the possibilities and design a plan to upscale the partnership.

💰 They will ensure the upscaling negotiations don't affect the partnership and take into consideration the current benefits your entity has.

💰 Upscaling an Entity Partner to become a global/regional partner **does not cancel the existing partnership contract; it must continue until its termination date, and everything included must be delivered.** A new contract between AIESEC International/Regional office and the partner organization must be signed without terminating the current contract. Once the current contract expires, the global/regional contract should be the sole contract between AIESEC and the partner organization.

👤 Sales closed for 7,000 CAD

AIESEC in Narnia receives \$700 CAD

Party managing [RO] receives \$2,800 CAD

Party delivering [AI] receives \$3,500 CAD

🔧 If the partner requests it and the AIESEC parties agree, the partner can keep the original contract prices just for the Member Entity that upscaled the partnership. Nevertheless, the global prices will be used with all the other Member Entities.

Co-sales Partners

👉 Joint Sales opportunity

💰 There's a joint sales opportunity which may or may not include the territory the MC is located in.

💰 The negotiation process is handled by both RO/AI and the involved entity, responsibilities are agreed for each party.

	Member Entity delivering the partnership	AIESEC International/ Regional Office
% of the total revenues	90%	10%

The partnership results in only a national partnership.

AIESEC in Narnia made a co-sale with RO which resulted in a national partnership.

AIESEC in Narnia becomes the only account manager and contract owner and the entity prices are applied.

	Member Entity delivering the partnership	AIESEC International/ Regional Office
% of the total revenues	90%	10%

The partnership results in a global/regional partnership where the partner does not take any GAP or GEP with the member entity.

AIESEC in Narnia made a co-sale with RO which resulted in a global partnership with no products taken in their territory.

AI/RO becomes the account manager and contract owner, the global prices and the revenue sharing

BUDGET: How much are they able to spend or usually spend in similar initiatives?

AUTHORITY: Who is the decision maker?

NEEED: What is the problem they're trying to solve?

TIMELINE: By when do they need to solve the issue?
How long they take to make a decision?

Cross-sales Partners

👉 Joint Sales opportunity

💰 The cross-selling sales model occurs when Member Entity X sells or provides a referral that results in a partnership of GEPs or GAPs for a Member Entity Y.

💰 Could be a current partner or a new prospect.

💰 If the cross-sale involves more than 2 entities of the same region, RO must be contacted and the Upscale or Co-sales model must be followed

💰 Member Entity X provides a referral to Member Entity Y without being involved in the sales process.

💰 Member Entity Y that receives the referral, sells and delivers the GEP(s) or GEAP(s) sold.

💰 Member Entity Y's prices should apply.

💰 The revenue-sharing model will be defined by the two Member Entities involved.

Cross-sales Scenario

💰 Member Entity X provides a referral to Member Entity Y and is involved in the sales process.

💰 Member Entity Y delivers the products sold.

💰 Member Entity Y's prices should apply.

💰 The revenue-sharing model will be defined by the two Member Entities involved.
